TO YOUR LIFE

EVERYTHING WE DO STARTS AND FINISHES WITH YOU.

SOLID HERITAGE

For nearly a century, we've combined masterful craftsmanship with fashion-forward design of fine furnishings for the home. We're a family of craftspeople who care about our community, the environment, and you.

QUALITY CRAFTSMANSHIP

It's part of our DNA. It's the fabric of our company, and it's woven into everything we do. It's why we put attention to detail first, second, and third.

STYLISH SELECTION

Choose from a wide variety of fashionable style and comfort for the living room, dining room, and everywhere in between.

DEDICATED SERVICE

We make it easy for you. Quality, value, style, and comfort delivered in a timely fashion by people who care.

CHAIR COLLECTION

FUNCTION MEETS FORM

While a chair is certainly one of the most practical pieces of furniture ever created, that doesn't mean your choices can't convey your singular sense of style. Our Chair Collection, with its extensive offerings, grants you the ability to personalize your living spaces. Whether you're lounging, dining, or reclining, you can select a seat with textured fabric, luxurious leather, or high-quality cushioning—the combinations are endless.

For formal or relaxed living spaces, and classic or contemporary styles, our Chair Collection brilliantly merges function with form.

2 CHOOSE YOUR SPRING CONSTRUCTION

To begin building your frame number, choose your spring construction:

(2) = Sinuous Wire Construction or (3) = Pocketed Coil Springs

3 CHOOSE YOUR ARM STYLE

E ENGLISH
ARM

R ROLL
PANEL

S SOCK
ARM

T TRACK
ARM

After selecting your frame and your seat construction, choose from one of four arm styles. Begin with the number "2 or 3" (from your frame) and add the Arm Style letter next. **Note: English and Track Arms will have smaller dimensions than the other arm options. Alternate dimensions are listed in () for these two arms.**
(2 or 3) (E, R, S, or T).

4 CHOOSE YOUR BACK PILLOW STYLE

B BOX
BORDER

K KNIFE
EDGE

P BED
PILLOW

Continue building your frame number by adding a Back Pillow Style. (2 or 3) (E, R, S, or T) (B, K, or P).

5 COMPLETE YOUR LOOK WITH A BASE STYLE

B BUN
FOOT

S SKIRTED

W WEDGE
FOOT

Complete your frame number by adding a Base Style (then add your suffix, see page on left). You should end up with a number as follows: (2 or 3) (E, R, S, or T) (B, K, or P), (B, S, or W) plus your frame suffix. ***Note: Skirted options not available in leather/vinyl.**

SETTEE COLLECTION

PERFECTLY PROPORTIONED

While our Settee Collection offers traditional and transitional styling, there's also the luxurious fabrics, soft leathers, delicate carvings, and subtle design details to consider. Generously proportioned solely for your comfort, you can customize your choice to be the perfect complement for your current ensemble.

Whether you want a piece that is partially or fully upholstered, or an option with or without armrests, we're confident that you'll be content—and, most importantly, comfortable—with a selection from our Settee Collection.

OTTOMAN COLLECTION

PUT YOUR FEET UP

All of our collections offer customization, and it's no different with our ottomans: some offer sleek lines, while others exhibit soft curves.

You can pick a contemporary piece that features durable leather, or go the traditional route with button tufting, and then choose from a broad color palette of fabrics.

With cocktail, cube, and storage styles, our Ottoman Collection offers more than just a place to put your feet up—they can be an eye-catching piece that pulls a room together.

OFFICE/ COMMERCIAL COLLECTION

BRING A LITTLE STYLE INTO THE OFFICE

Don't overlook comfort when it comes to your workplace. In fact, you should always strive to bring a little style into the office, too. With our Office/Commercial Collection, the superior craftsmanship is obvious across our vast selection of seating—whether you're seeking luxurious leather swivel chairs for executives, occasional chairs for your guests, or stackable options if you're short on space. Sofas and settees, with a variety of fabrics and wood finishes, can be added to the mix as well. Our stylish designs offer refined appeal, whether you're furnishing a business or your home office.

Essentials

by FAIRFIELD

We are pleased to offer a special selection of our favorite items in "married" fabrics and finishes. We call these special marriages, "Essentials". By "marrying" a frame to a specific fabric and finish, we can offer extra special values through an increase in efficiencies and the economies of scale. Essentials are our best combinations, picked by our talented merchandising team to offer the freshest looks at special value pricing.

Please note that all our finishes are applied by hand and require multiple steps from skilled artisans to achieve the fine, rich look that is the hallmark of Fairfield's finishes. As a result, each piece will be unique. Variations in color, shading, burnishing, distressing, crackle, texture and other characteristics should be expected from piece to piece, especially in our "Premium" and "Premium Plus" finishes, as they involve even more steps of individualized hand applications. At Fairfield, we treat each piece as a true work of art to provide our customers with furniture that is rich in beauty and character.

FAIRShield+

FINISH FAIR-SHIELD PLUS FINISHES

Fairfield's Fair-Shield Plus finish offers enhanced chemical, moisture, mar and scratch resistance, ideal for high use commercial environments. Fair-Shield Plus' clear top-coat conversion varnish forms a chemically cross-linked barrier that is more resistant to wear and abrasion and is more impervious to moisture and commercial cleaning materials. Fair-Shield Plus is also formulated with UV inhibitors to reduce the harmful effects of sunlight and features silver ion technology (antimicrobial agent) to help preserve the finish and protect it against mold, mildew, fungus, and odor-causing bacteria. Fair-Shield Plus is denoted by the suffix "FS" following the name of the finish (i.e. Barley-FS).

WARRANTY

LIFETIME LIMITED WARRANTY: RESIDENTIAL

Fairfield warrants its merchandise to be free of defects in materials and workmanship for the life of the piece under normal residential use and conditions to the original purchaser. Exceptions to this warranty include:

- Commercial/Contract use (see separate warranty)
- Fabrics – One (1) year
- Customer's Own Material (COM) – Not warranted
- Standard Executive Swivel Bases and Mechanisms – Five (5) years
- Knee-Tilt and Gas Lift Mechanisms – Five (5) years
- Casters – Five (5) years
- Glides – Not Warranted
- Recliner Mechanisms (non-motorized) – Three (3) years
- Recliner Mechanisms (motorized) – One (1) year
- Swivel, Swivel Rocker and Swivel Glider Mechanisms –Three (3) years
- Sleeper Mechanisms – Three (3) years
- Innerspring Sleeper Mattresses – Five (5) years

FAIRFIELD®

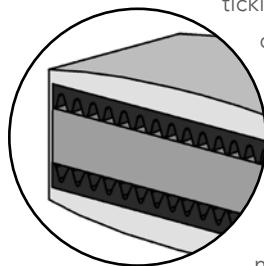

CONSTRUCTION FEATURES

A. CUSHION CONSTRUCTION

Fairfield uses a variety of cushion constructions depending on the style and intended function of the piece. Below are descriptions of the various constructions we are proud to offer:

ULTRA PLUSH 5L*

This five-layered cushion uses a soft grade of 2.0 lb. HR foam for the cushion core. The foam core is then capped with a 1-3/4" thick, soft convoluted foam on each side and wrapped with a 1-1/4 ounce fiber crown. The cushion is then encased in a white non-woven ticking. This combination of foams and fiber is designed to create a soft plush cushion yet will still maintain positive "memory" of its original shape. This cushion is standard on most sofas and lounge chairs.

SUPPORT PLUS 3L*

This is an "all foam" cushion (no fiber crown) constructed with three layers of Premium HR foam. The core foam is a firm compression which is wrapped on both sides with a layer of medium compression foam. This cushion is then encased in a white non-woven ticking. The outer layer provides a softer initial feel, while the inner core provides the firm support. This Premium "all foam" cushion is designed for high shape retention and will resist fatigue and sagging. It is especially recommended for use in Commercial/Contract applications.

B. FRAME CONSTRUCTION

To maximize strength and durability, frames are constructed of solid kiln dried hardwoods and laminated hardwood veneers. Many major stress joints feature both triple doweling and corner blocks that are attached with glue, staples and four screws. To insure frame integrity and compatibility with style and design requirements, frames are engineered to use a variety of joint constructions. All solid hardwood is dried to 6% - 8% moisture content.

CONSTRUCTION FEATURES

C. BACK & ARM PILLOW TYPES

Fiber Backs & Arm Pillows—Most loose and semi-attached backs and arm pillows are all fiber. The fiber is enclosed in a non-woven fabric with partitions inside to keep the fiber from shifting. The fiber used is a hollow conjugate with a silicone finish to provide superior loft and resiliency.

Blend Down Backs & Arm Pillows—Premium back pillows that contain a filling combination of 50% polyester fiber/45% duck feather/5% duck down and arm pillows that are filled with 100% duck feather and down, are available as an option. The feather and down fill has been cleaned and dried using biodegradable emulsifiers. The result is a debris free, hypo-allergenic natural fill with exceptional performance and luxurious feel. All feather and down adheres to the standard of the bedding industry for maximum comfort and luxury.

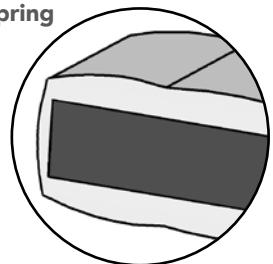

D. SPRING CONSTRUCTION

The Soft-Luxe individually pocketed spring system is the latest design innovation in upholstered furniture engineered to provide the ultimate in comfort. The Soft-Luxe system features a minimum of 100 coils per seat, or a minimum of 300 coils per sofa. Each seat cushion has a separate coil suspension that eliminates "roll-together" and provides seating comfort for every individual regardless of shape or size. The Soft-Luxe seating system will provide years of durable and carefree service to even the most active families. Some frame styles use drop-in coil units or sinuous wire springs.

BLEND DOWN CUSHIONS *

This seat cushion is standard on certain frames where the "sit" calls for a luxurious, super soft feel. This premium seat cushion is constructed with a 2.0 density HR foam core which is surrounded by a combination of 50% polyester fiber, 45% duck feather and 5% duck down. The cushion is encased in a heavy down-proof ticking material. The feather and down fill have been cleaned using biodegradable emulsifiers. The result is a debris free, hypo-allergenic, natural fill with exceptional performance and a luxurious feel. **The Blend Down seat cushion is only available on the frame listed below. Therefore, it is not available as an optional upgrade. See our superior "Spring Down Cushion", which can be ordered as an optional cushion upgrade.**

Certain frames that feature a loose or a semi-attached back pillow may have the option to upgrade to a Blend Down back pillow (see frame number for upcharge information on Blend Down back pillows). Blend Down back pillows are constructed of a combination of 50% polyester fiber, 45% duck feather and 5% duck down and are encased in a heavy down-proof ticking material, which consist of locked channels that are sewn together in sections to keep the pillow from settling in one place. Regular "fluffing" of Blend Down pillows is recommended to keep them looking plump and full.

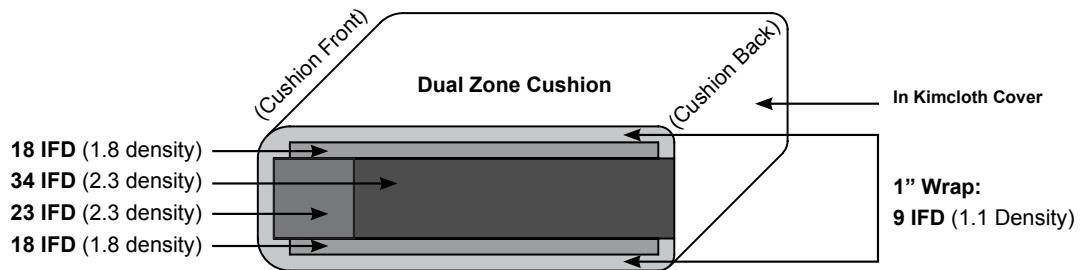

* All foams used by Fairfield meet the requirements of the California Bureau of Home Furnishings Technical Bulletin 117.

CONSTRUCTION FEATURES

DUAL ZONE CUSHIONS*

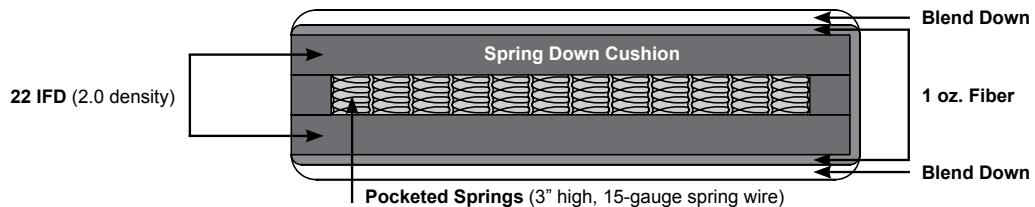

Fairfield's Dual Zone premium seat cushion is uniquely constructed with two zones and five layers to provide the ultimate in support and comfort. The foundation of the Dual Zone cushion is made of a 2.3 Density Ultracel™ HR foam core, which is divided into two zones – the front 1/3 is softer (23 IFD) and the rear two thirds is firmer (34 IFD). This provides more support in the rear to improve bone and body fatigue, and less pressure in the front for improved blood circulation in the legs. A softer layer of 1.8 Density, 18 IFD foam is applied over the top of the inner core to provide extra loft (crown) to the cushion. The outer layer is constructed of a Super Soft Foam. This 1.8 density Super Soft Foam offers the crush-resistance of foam with the loft, softness and conformity of fiber. It offers longer lasting height retention for good looks that last longer. All loose seat cushions can be upgraded to the Dual Zone premium cushion.

SPRING DOWN CUSHIONS*

This premium seat cushion combines the soft, luxurious feel of Blend Down with the superior support and resiliency of individually pocketed coil springs. Spring Down cushion is available as an option on any frame with a loose seat cushion. The Spring Down cushion is constructed like the Blend Down cushion, except that the interior support of the cushion consists of individually pocketed, 3-inch high coil springs made of 15-gauge wire. The coil unit is surrounded by 2.0 density, 22 IFD foam with one ounce polyester fiber, top and bottom, and encased in a heavy down-proof ticking with a 50/50 mix of fiber/down. The result is the luxury and softness of Blend Down with the resiliency and support of coil springs, making this superior cushion the ultimate in luxury seating. Spring Down is not available on ottomans.

When selecting a Spring Down seat cushion for frames which feature a loose or semi-attached back pillow and/or throw pillows, the back and/or throw pillows are available in Blend Down as an option (see description of Blend Down pillows in previous section under "Blend Down Cushion"). Blend Down back and throw pillows do not automatically come with Spring Down seat cushions; you must specify them separately and add the appropriate upcharge for each (see frame number for upcharge information on all cushions and pillows).
